Better to search instead for a particular book title, author, or synopsis. The Advanced Search lets you narrow the results by language and file extension (e.g. PDF, EPUB, MOBI, DOC, etc).

Biology Investigative Lab 13 Answers

Investigation Lab 13. Introduction: Enzymes act as catalysts of a biological system. This means that they increase the speed of chemical reactions in biological systems by lowering the activation energy needed to start reacting. Depending on the shapes and structures of the enzymes, the function could change drastically.
